Flat Glass Washing Machines

Flat Glass Washing Machines

**Horizontal Washing Machines with Precleaning,
Lucor removal and Scrubbing –
Low-E version, working width 1600, 2200, 2600, 3300 mm**

Founded in 1928 Klöpfer can look back with some pride on many years of industrial history. It is experience that counts.

We have the know-how to solve our clients' problems to their entire satisfaction. The excellent workmanship of more than 180 employees fully justifies the trust which our international clients place in Klöpfer.

Our glass washing machines, automotive glass plants, flat laminating plants and mirror plants in various designs and dimensions

*- certified to DIN EN ISO 9001-
are facts for quality.
Around the globe.*
